Don R. Crawley

Author of The Compassionate Geek

---

Don R. Crawley is the author of The Compassionate Geek, the IT customer service book, and seven other books for IT professionals on subjects ranging from Cisco firewalls to Linux servers. His message is about bringing humanity into the world of technology. He has spoken before audience in all 50 United States, Canada, Great Britain, Scotland, Ireland, Australia, India, and the Sultanate of Oman. He is a lifetime geek, holding multiple technical certifications and having been involved with technology since the 1970s. When he's not working with technology, he stargazes, plays the pipe organ, and laughs with his family.
